### COMMENTS

I just finished my first term in Macedonia I was involved in 3 main areas of ministry 1. IFES - International Fellowship of Evangelical Students - (International InterVarsity) - I taught, mentored and built relationships with university students and assisted the General Secretary(leader) with planning and vision casting. 2. Soul Craft - a Sunday evening service designed for new believers and seekers - I assisted the pastor where I could and led a small group for this fellowship. 3. ICS - The International Church of Skopje is a church for the international community in Skopje- I was part of the leadership team, oversaw small groups and assimilation and filled the duties of an associate pastor. I also did 2 years of language and culture study during this term.
