Phone: 412-290-3260

COMMENTS

Faith Toomey spent the summer of 2011 as a missionary intern in the country of Gabon, Africa. She spent half of her time at the Bongolo Hospital and the other half in the capital city of Libreville. While at the Bongolo Hospital, Faith visited patients at the hospital and taught the pediatric patients how to brush their teeth. In the city of Libreville, Faith spent her time helping at an orphanage, clinic, and a mobile clinic.

Faith Toomey grew up in a Christian home and accepted Christ into her heart at a young age. She has felt the call to go into missions for as long as she can remember. She went on her first missions trip to Matamoros, Mexico when she was a freshman in high school. She is a 2011 graduate from Westmoreland County Community College, where she majored in nursing. She plans to gain some nursing experience and then head back overseas as a full time missionary.

Please contact Faith to check on her availability to speak at your church.
